

Atmosphere for Food

With Dr. Annabelle Broadbent

Tuesday, July 9, 2019

6:00 p.m.

The Program

Are you a fan of food? Have you ever wondered what it's like bringing food to space? In this program, we'll learn all about the relationship between food and space, covering topics such as:

- The transfer of technology from space to the dinner table.
- Preparing food for astronauts on their journeys into space.
 - Food safety.

The Speaker

Dr. Broadbent is an internationally recognized pathogenic food microbiologist, food/nutrition research scientist, and food safety expert with over 30 years of experience working in government, private industry and academia. Some of that experience includes work with NASA and the USDA. She even created a liaison position between these two organizations.
